Hey Johnny and Edgardo

I dropped into the shop to grab the staff cards as I was told explicitly they were for professors only in recent comms from support and other professors in leadership at TPCi

I ended up grabbing the two packs that Antonio found on the desk as I don't want anything to happen with our sanctioning and next release coming up 🙏

He told me to keep the sleeves but if you need money for them I can come by and pay for them

Appreciate it and sorry for any misunderstanding ❤️

Greg
